PRINT-IT-YOURSELF EVENT STATIONERY

Stationery can be designed for any event; child birthday, adult birthday, wedding, engagement, christening, naming day, fund raising event, ball/gala event, baby shower or special occasion of any kind.

Most stationery items are very versatile, I have described my intended usage for each element and the sizes of each item. You may discover some other creative ideas on ways to use your stationery (please share your ideas with me if you do!)

For best results print on bright white card stock or paper and cut with a craft knife and steel ruler (or paper trimmer) and a 2" circle craft punch; plain or scalloped (for the dots). You can print at home or at your local printer/stationery store (OfficeWorks is good value)

You are purchasing the digital files for these products in .pdf format. *Please note you will not receive a printed product.* Please print at 100%, do not shrink or scale to fit or alter the sizes.

Select "print at actual size" or "print at 100%" and DO NOT select the option to "scale to fit" when printing. Choose the option for "borderless A4" paper size if possible.

All files are saved in A4 format for ease of printing.

You are welcome to print as many copies as you require with your digital files however all artwork is copyright Be Design Solutions. Stationery is sold strictly for personal use only.
